Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Township of Pemberton Lakehurst Road Sewer Interceptor Relining project in fiscal year 2024. The entity to receive funding for this project is Pemberton Township, located at 500 Pemberton-Browns Mills Road Pemberton, NJ 08015.

The funding would be used for the relining of the entire length (approximately 1.84 miles) of the Lakehurst road sewer interceptor which stretches from Country Lakes to Browns Mills and is designed to protect both underground and surface water sources. Over the past two years, the interceptor has failed in three places.

The project is an appropriate use of taxpayer funds because relining the interceptor will prevent it from failing again, restore community confidence in the collection system, and thereby enhance the vitality and potential of the Lakehurst Road economic corridor.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Andy Kim
Member of Congress
